1.	<p>We are all aware of the fact that the questions/clarification period of time past July 6 2022 but there is a very crucial issue that must be clarified:</p> <p>According to the technical specification that appear on Appendix B you are requesting PLATES.</p> <p>We would like to make absolutely sure that you mean Hot Rolled Plates and not Hot Rolled Sheets which are cut from Coils.</p> <p>The issue is very important since there is a very big price difference in between the two options.</p> <p>We have every intention in offering Hot Rolled Plates as requested in your specification but we must know that this is your intention.</p>	<p>All plates, excluding 5 mm thickness plates, must be manufactured as “steel plates” and <u>not</u> sheets that are cut from rolls.</p> <p>Only the 5 mm plates can be cut from rolls.</p>
